Bowenville State School Shared Vision Statement

At Bowenville State School we believe that we have a responsibility to ensure all students achieve their potential everyday through high quality teaching instruction and a positive and disciplined learning environment. We believe that positive partnerships between staff, parents and students lay at the very heart of effective education and that by working together we can provide the opportunities, support and care that help every child become a successful and lifelong learner.

We believe:

- Education is a partnership between staff, parents, students and the community.
- In a positive, supportive and disciplined learning environment.
- In nurturing a connection between students and their natural environment.
- All staff must continue to learn together and our school must continue to improve.
- All students can be successful and lifelong learners.
